Re: Request for Extension for the Completion of
Preliminary Assessments for the Following Sites:

Icy Cape Dewline Site	AK4141190104
Kogru River Dewline Site	AK0141190082
Peard Bay Dewline Site	AK8141190100
Tanacross Airfield	AK7141190085
Loran Station on Sitkinak	AK5141190087

Dear Mr. Spang:

Per your letter dated March 9, 1992, EPA will grant your request for an extension for the completion of Preliminary Assessments for the sites listed above. However, as the identified landowner, BLM is responsible for the timely submittal of the requested assessments. The PA's must be submitted by April 30, 1992 in order for EPA to review the documents and to give BLM time to respond to comments, if necessary. Although, the court order has been overturned for sites in Region 10, the region intends to comply with the intent of the order. All sites listed on the original Docket are substantially past due for evaluation and final determination. If you have any questions please contact me at (206) 553-1808 or FTS 399-1808.

Thank you for your cooperation in this matter.

Sincerely,

Mark Ader
